EDUCATION

California Polytechnic State University, San Luis Obispo
Bachelor of Science in Computer Science

August 2026 – May 2028
San Luis Obispo, CA

Allan Hancock College
Associate in Arts: Mathematics and Science

August 2022 – December 2025
Santa Maria, CA

Relevant Coursework

- Data Structures
- Algorithms and Complexity
- Systems Programming
- System Software Mechanics

Computer Science Experience

Hackathon
Web Developer/Full Stack Developer

September 2026
San Luis Obispo, CA

- **Collaborated as a team of four** to **develop** a multiplayer, racing themed study website.
- **Integrated OpenAI Responses API** to transform uploaded PDF's, Word documents, images, Markdown, and text files into a study guide and quiz format.
- **Developed** multiplayer room **API's** using **Next.js**, **Cloudflare D1**, and **Drizzle ORM** to allow for multiplayer room connection and a live free for all race to finish the quiz the fastest
- **Applied** secure coding practices including input validation, authentication handling, and secure **API design** to protect against common web vulnerabilities.

Projects

Study Drift | React, TypeScript, Next.js, Cloudflare D1, Drizzle ORM, OpenAI API
Hackathon Project

September 2026
San Luis Obispo, CA

- **Designed** and **managed** multiplayer data models and **SQL** migrations with **Cloudflare D1** and **Drizzle ORM**.
- **Created REST-style API endpoint** for multiplayer room lifecycle management with the help of an **AI assisted development using Codex**.
- **Built** responsive **React** components and **implemented** secure file validation, server-side configuration, and API error handling.

Resume Website | HTML, CSS
Hack4Impact Project

September 2026
San Luis Obispo, CA

- **Built** a website showcasing personal resumes and portfolios.
- **Focused** on building the website with **semantic style HTML** for structure and accessibility.

Technical Skills

Languages: Python, JavaScript, TypeScript, HTML, CSS, C

Developer Tools: VS Code, Codex, Claude Code, Sublime, Cloudflare D1

Frameworks/Libraries: Linux/Unix, Windows, Mac, Git, GitHub
